The Developer

Seven Capital - Established in 2000, Seven Capital is the pre-eminent residential property developer in Birmingham with a passion for outstanding customer service. Seven Capital converts commercial spaces in key city centre locations and transforms them into stunning residential apartments. They also build new apartment complexes in equally desirable locations. Understanding investor needs, they offer a "hands off" property investment service from purchase through the sale - including rental management

Developing buildings such as disused factories, offices and ex-commercial space not only improves the immediate environment, but it also lends the residential space a unique character and a particular integrity that can only be achieved by using buildings with heritage.

Birmingham

Birmingham is a city and metropolitan borough in the West Midlands, England. It is the largest and most populous British city outside London, with a population of 1.25 million residents within Birmingham and 3.7 million within its metropolitan area. The city of Birmingham is now a major international commercial centre. Its economy is the second largest in the UK and has six universities making it the largest centre of higher education outside London.

Birmingham is a city led by cultural greatness and is seen as the top UK regional city for quality of life. There are more foreign investment projects than any other English regional city and has been voted among the Top 10 cities in the World.

In recent years parts of Birmingham have been transformed, with the redevelopment of the Bullring Shopping Centre and regeneration of old industrial areas. Old streets, buildings and canals have been restored, the pedestrian subways have been removed and the inner Ring Road has been rationalised.
