An aerial photograph of the Hammersmith Bridge in London, viewed from Queen's Wharf. The bridge spans the River Thames, with the sun setting in the background, creating a golden glow over the water and the city skyline. The bridge's two large stone towers and suspension cables are clearly visible. The surrounding area is lush with green trees and some buildings are visible in the distance.

IT'S TIME TO
MOVE UP STREAM

There are some stretches of the River Thames that are both world famous and beautifully unspoilt. Queen's Wharf offers the rare opportunity to live on one of these stretches – outstanding apartments in an extraordinary location.

A STATEMENT OF ELEGANCE
ON THE WATER'S EDGE

Queen's Wharf, a stunning new development by Mount Anvil and Fabrica by A2Dominion, is located on the 'Surrey Bend' of the River Thames where it flows under Grade II listed Hammersmith Bridge – a place made famous by the defining role it has played in the world renowned Oxford vs Cambridge Boat Race since 1836.

The 165 individual residences at Queen's Wharf, ranging in size from studio to three bedrooms,

have been carefully designed to maximize the panoramas of the river bend and to embody the best of British design.

The Queen's Wharf development will also house the world-famous Riverside Studios and its proximity to the hearts of Fulham and Chelsea will give it an undertone of sophisticated creativity.

A MIXED-USE MASTERPLAN

The apartments at Queen's Wharf form the heart of this original and dynamic mixed-use development in Hammersmith. At just eight stories, the architecture of the building has been carefully considered to compliment the neighbouring buildings and celebrate Queen's Wharfs' riverside setting. Every panel of glass and layer of brickwork elegantly follows the gentle curve of the building, creating a central landscaped

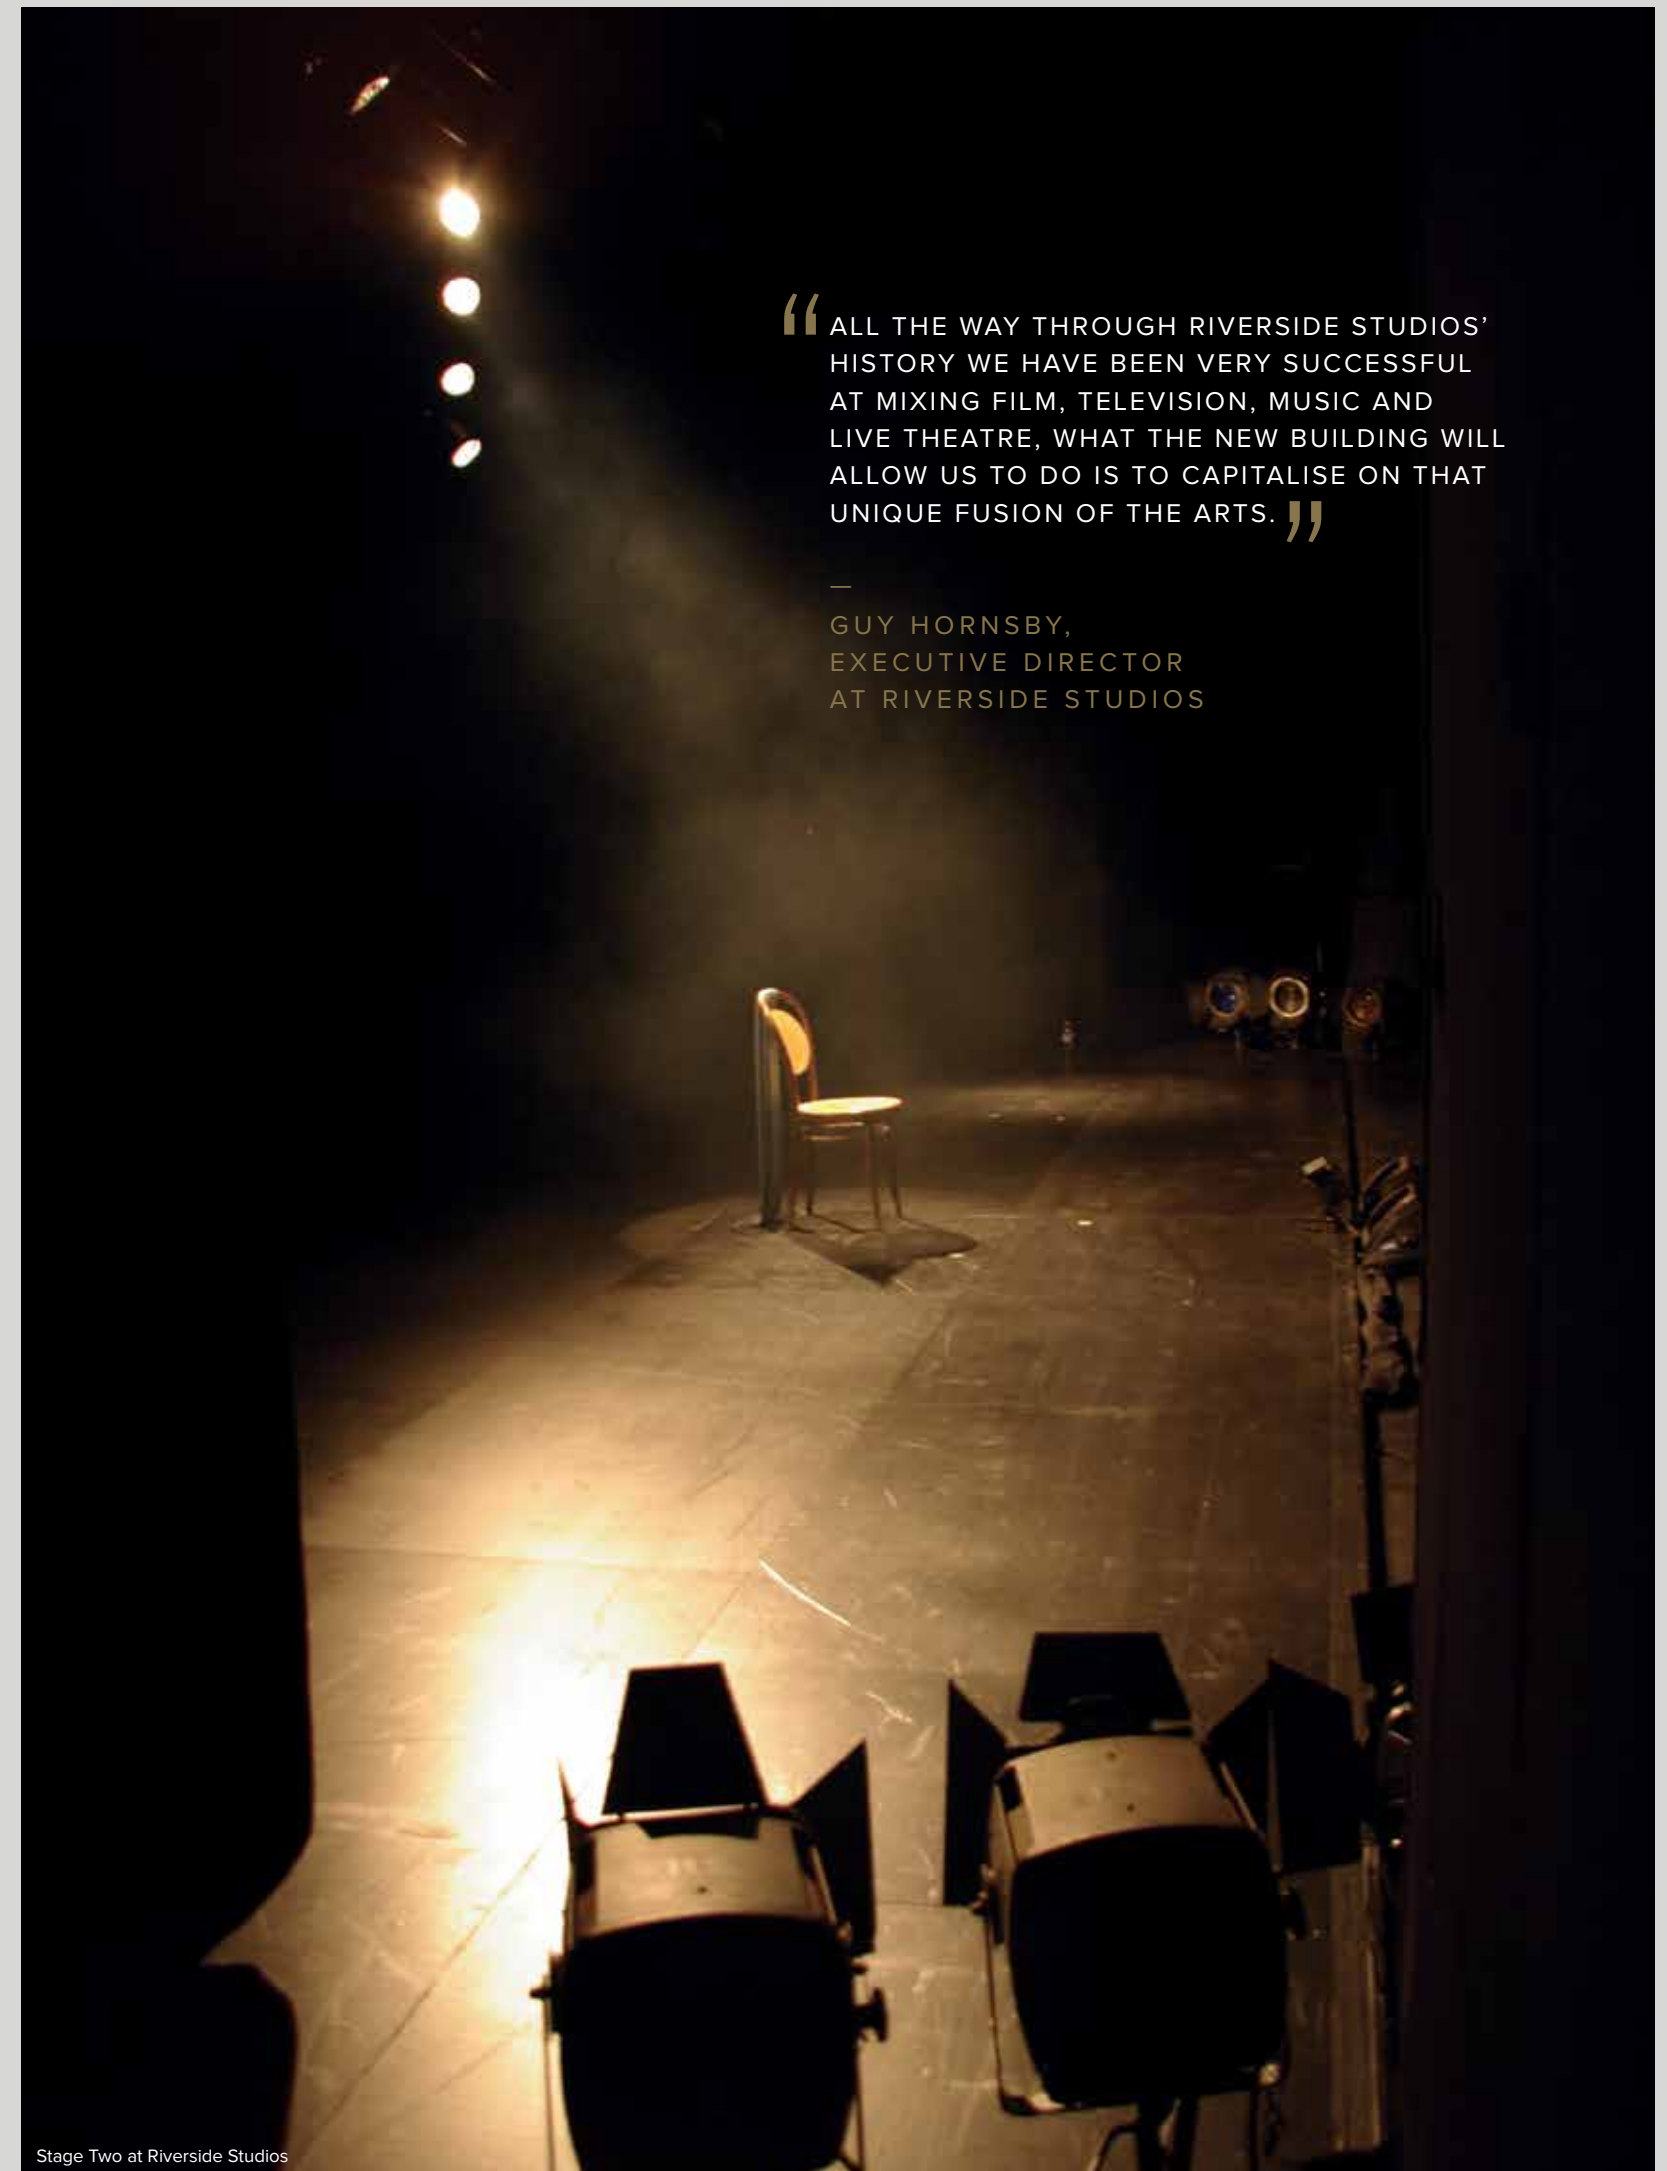

podium garden for residents to enjoy in private. The amenities are rich and diverse, including a 24-hour dedicated concierge, a rooftop terrace with sweeping views for residents use only, a restaurant, café, bar and an independent theatre and cinema managed by world-famous Riverside Studios at lower ground floor level.

A LEGENDARY
CULTURAL ICON
IS REBORN

The redevelopment of renowned Riverside Studios – the original home of Doctor Who and the first studio in London to broadcast television in technicolour – provides a cultural heart for this stunning new development. Executive Director Guy Hornsby reflects on its legendary lineage in film, theatre, music and dance.

“ ALL THE WAY THROUGH RIVERSIDE STUDIOS’ HISTORY WE HAVE BEEN VERY SUCCESSFUL AT MIXING FILM, TELEVISION, MUSIC AND LIVE THEATRE, WHAT THE NEW BUILDING WILL ALLOW US TO DO IS TO CAPITALISE ON THAT UNIQUE FUSION OF THE ARTS. ”

—
GUY HORNSBY,
EXECUTIVE DIRECTOR
AT RIVERSIDE STUDIOS

1903 — 1950
NEW BEGINNINGS

In 1933, the Triumph Film Company converted a former industrial warehouse on Crisp Road into the Riverside Studios. Among its best known films were *The Seventh Veil* (1945).

THE STORY
OF RIVERSIDE
STUDIOS

1954 — 1990's
THE JEWEL IN THE
BBC'S CROWN

In 1954, the BBC acquired the studios, using them for the making of such iconic programmes as *Hancock's Half Hour*, *Quatermass and the Pit*. The first ever series of *Doctor Who*, *Top of the Pops* and the well loved children's programme, *Play School* was also produced at Riverside Studios.

In 1976, Riverside Studios launched as an independent venture, establishing itself as leading arts venue for theatre, dance and cinema.

SO WHAT NEXT?

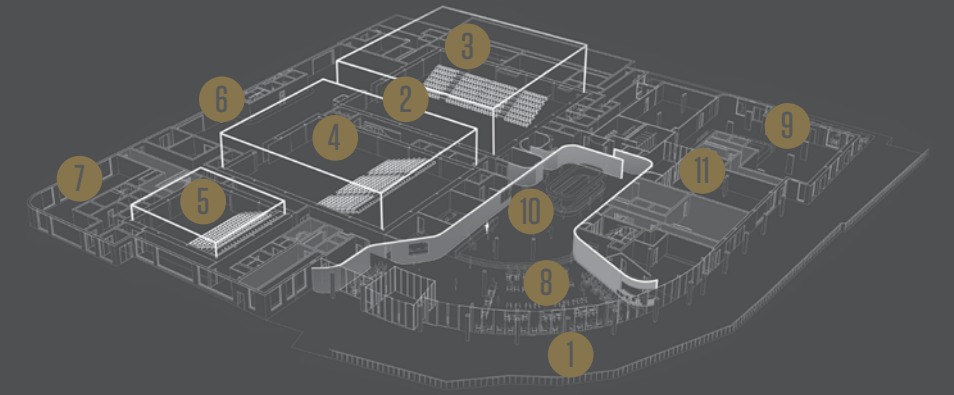

Artistic Director, William Burdett-Coutts, believes Riverside Studios' rebirth within Queen's Wharf will be dynamic and positive...

“SET TO REOPEN IN 2017, RIVERSIDE STUDIOS WILL CONTINUE TO BE A CENTRE OF EXCELLENCE, PROVIDING AN ENVIRONMENT FOR THEATRE, CINEMA, TELEVISION AND A NATIONAL MEDIA SERVICE TO ARTS ORGANISATIONS FROM AROUND GREAT BRITAIN. IT WILL REMAIN AN ARTISTIC AND SOCIAL ASSET TO THE BOROUGH OF HAMMERSMITH & FULHAM, WITH ITS WONDERFUL VIEWS LOOKING OUT OVER THE THAMES AND HAMMERSMITH BRIDGE.”

Computer generated image of kitchen in Royal Light palette

ROYAL LIGHT

The Royal Light palette offers modernity, with a gracious nod towards heritage and tradition. Contemporary mouldings have been painted to match the quiet shades of the walls, introducing a layer of understated elegance that is most defined when framing key features, such as wardrobes. This 'framing' subtly references the heritage of Riverside Studios and the 'framing' of shots and scenes.

Glazed, crackled wall tiles in kitchens and bathrooms bounce light around the space and seemingly shimmer in daylight. Other materials have been chosen for these light-maximising qualities, such as wardrobe and kitchen surfaces, and the opaque glass screens in the bathrooms. The Carrara marble vanity top in the master bathroom offers a hint of opulence and luxury. Attention to detailing is in evidence throughout the Royal Light palette.

Computer generated image of bathroom in Royal Light palette

Computer generated image of kitchen in Royal Dark palette

ROYAL DARK

The Royal Dark palette provides contrasting layers of materials that provide a playful twist on heritage and tradition. The contrasting wall tone between skirting and dado rail gives a contemporary take on period panelling. The contemporary mouldings, a feature in all apartments, offer a contrast against the wall shades, accentuating the framing of key features.

Glazed, crackled tiles – here in deeper, moodier colours – reflect light, both natural and artificial. Opaque glass, mirror and lacquer also bounce light around the rooms, heightening the feeling of space. Crema grey marble vanity tops in the master bedrooms tie in perfectly with this more dramatically toned scheme. Leather pull handles are examples of the fine detailing that has gone into creating the feel of quality and elegance in the Royal Dark palette.

MOUNT ANVIL

LONDON HOMES, THE MOUNT ANVIL WAY

Mount Anvil is Central London's specialist residential developer. Together with our joint venture partners, we have created more than 5,000 London homes since 1991. We plan to build 2,500 more by 2018.

We focus on location, design and quality; creating homes in highly desirable locations, employing internationally acclaimed architects and interior designers, and meticulously selecting materials, so that our developments are unique, stand the test of time and add to London's world-class status.

Our approach, the Mount Anvil way entails engaging highly talented people who are experts in their fields, then challenging them to think creatively, work collaboratively and to do the right thing with the aim of relentlessly striving to deliver excellence.

It's an approach that has been recognised through numerous awards, including: Developer of the year (less than 1,000 units) at the RESI Awards (2013, 2014); and Gold Award for Best Interior Design at the 2013 What House? Awards. We have also been recognised as one of the Sunday Times Best 100 Small Companies to Work For in each of the last eight years – a standout achievement in the British property industry.
